TECHNICAL DETAILS

COLORE E TAGLIE: 802 Aviation 38-47 / 803 Navy 38-48

UPPER: Upper full grain pull – up recyclable nappa leather with PU film inserts

LINING: Solidbreath® High performance, made with a special "open pore" fabric that eliminates stale air and moisture during walking, making your feet absolutely fresh and dry.

SOLE: Light and elegant. Hand painted midsole, which resumes the color of the upper. Light sole made with a special technology that makes it half-transparent. Due to the special DIKE_SUCTION inserts strategically positioned at different points of the support, the sole guarantees an exceptional stabilizing effect that ensures absolute grip in every situation. The unique pattern of the sole is characterized by important self-cleaning drains.

OUTER SOLE: green compact PU

MIDSOLE: recyclable PU foam

TOE CAP: 100% recyclable aluminum toe cap

ANTIPERFORATION INSOLE: Highsafe-Tex® special anti-perforation high density insole. Made with an innovative material and sewn to the upper, it guarantees the highest standard of protection. Durable and flexible.

PLANTAR: removable recycled EVA anatomic footbed

REGULATIONS: EN ISO 20345 S3 SRC

UPDATE: 01/01/2022
