

TECHNICAL SHEET
METEOR MASTER S3 "ESD"
30513

Closed heel area. Antistatic properties. Energy absorption in the heel area. Resistance of the sole to perforation, slipping, oils and hydrocarbons.

TECHNICAL DETAILS

COLOUR: 300 black

SIZE: 36 – 47

UPPER: Water-repellent and breathable microfiber.

LINING: Solidbreath® High performance, made with a special "open pore" fabric that eliminates stale air and humidity while walking, leaving the feet completely fresh and dry.

SOLE: Extremely light and resistant. The special design of the belt with not very pronounced plugs guarantees a very wide support surface, providing optimal stability and grip. Made of PU-PU, this sole unites two key words in the world of safety in a technologically advanced way: safety and comfort.

OUTSOLE: PU compact.

MIDSOLE: PU foam.

TOECAP: Aluforce® in aluminum, ultra light and high resistance.

ANTIPERFORATION INSOLE: HighSafe-Tex® special high density antiperforation sole. Made with an innovative material and sewn to the upper, it guarantees the highest standard of protection. Resistant and flexible.

FOOTBED: Recycled/recyclable foam footbed, removable and anatomic

REGULATIONS: EN ISO 20345:2022 S3L SR FO ESD
